

# ROGER PELOSI

RELEASE MANAGER & CONSULTANT

[mattrogerpelosi@gmail.com](mailto:mattrogerpelosi@gmail.com) | [linkedin](#) | [github](#) | [me](#)  
m: 518.538.0399

Interdisciplinary candidate with cross-cultural communication, intentional design, project management, and full-stack development backgrounds based in New York.

---

## EMPLOYMENT HISTORY

**CGI, Sacramento CA**  
CMIPS Project

March 2022 - Present

- Facilitate and organize monthly releases across 7 resident teams in addition to external government entities to successfully develop, test, and deploy added applications, features, and improvements.
- Streamline organizational tracking methodologies to ensure additions within the suite are delivered successfully and meet their service-level agreements.
- Maintain code bases across 3 enterprise applications from backend frameworks, data storage, service layers, and front-end UIs; routinely apply data fixes, resolve production defects, and triage user-facing incidents.
- Develop a high-level understanding with detailed, hands-on knowledge of an optimized approach to case and employee management, time tracking practices, business rules, and warrant lifecycles.

## TECHNICAL SKILLS

- **Languages & Frameworks:** *Angular, Java, JS/TS, Processing, Rails, React, Ruby, Spring, TypeScript*
- **Programs & Software:** *ActiveRecord, AIRS, AWS, Maven, MongoDB, MySQL, Node.js, npm, Sinatra*
- **3D Rendering:** *Adobe Photoshop CC, Grasshopper, KeyShot, Maya, Rhino, ZBrush*

## PROJECTS

JEAN STATION - [github](#) | [demo](#)

E-Commerce application with both customer-facing and admin-specific functionalities to increase brand presence.

- Features a Spring backend with 4 microservices, a service registry, and truncated gateway with load-balancing functionality.

BUNEASE - [github](#) | [demo](#)

Allows users to create, post, and connect without the stressors of popularized platforms!

- Utilized Cloudinary services to host/transform images, designed and embedded custom SVG files
