Interdisciplinary candidate with cross-cultural communication, intentional design, and full-stack development backgrounds based in Troy, New York.

## EXPERIENCE

Release Manager at CGI CMIPS / *Sacramento, CA* March 2022 - Present

- Facilitated monthly releases by organizing with and across 7 resident teams in addition to external government organizations to successfully develop, test, and deploy added features and improvements.
- Streamlined organizational tracking processes to ensure additional features and applications within the suite were delivered successfully and met their service-level agreements.

Intern at Selux / *Poughkeepsie, NY* Spring 2020

- Engaged in collaborative research and interdisciplinary practices which focused on human-centered and prototype driven design processes.
- Designed and created a to-scale, interchangeable, [sanitization module](#) for the company's line of modular lighting pillars.

Intern at Hudson Valley LGBTQ+ Center / *Kingston, NY* Fall 2019

- Collected, digitized, and analyzed event data to then understand singular/collective influence across a given year. Extracted information was then used in event planning and coordination for the following terms.
- Planned youth-based activities along with coordinating outreach and transportation details, worked with youth leaders to assist them in facilitating weekly meetings and steering the center's trajectory for future events.
