ROGER PELOSI
DEVELOPMENT & DESIGN CANDIDATE

mattrogerpelosi@gmail.com | linkedin | github | me
m: 518.538.0399

Interdisciplinary candidate with cross-cultural communication, intentional design, and full-stack development backgrounds.

EMPLOYMENT HISTORY

CGI CMIPS, Sacramento CA   March 2022 - Present
Release Manager
Consultant

- Facilitated monthly releases by organizing with and across 7 resident teams in addition to external government organizations to successfully develop, test, and deploy added features and improvements.
- Streamlined organizational tracking processes to ensure additional features and applications within the suite were delivered successfully and met their service-level agreements.
- Maintained code bases across 3 applications from backend frameworks, data storage, service layers, and front-end UIs, routinely applied data fixes, resolved production defects, and triaged user-facing incidents.
- Developed a high-level understanding with detailed, hands-on knowledge of an optimized approach to case and employee management, time tracking practices, business rules, and warrant lifecycles.

TECHNICAL SKILLS

- **Languages & Frameworks:** *Angular, Java, JS/TS, Processing, Rails, React, Ruby, Spring, TypeScript*
- **Programs & Software:** *ActiveRecord, AIRS, AWS, Maven, MongoDB, MySQL, Node.js, npm, Sinatra*
- **3D Rendering:** *Adobe Photoshop CC, Grasshopper, KeyShot, Maya, Rhino, ZBrush*

PROJECTS

JEAN STATION - github | demo
E-Commerce application with both customer-facing and admin-specific functionalities to increase brand presence.
- Features a Spring backend with 4 microservices, a service registry, and truncated gateway with load-balancing functionality.

BUNEASE - github | demo
Allows users to create, post, and connect without the stressors of popularized platforms!
- Utilized Cloudinary services to host/transform images, designed and embedded custom SVG files
